STATINTL NOTE FOR [redacted]

Attached for your approval is a draft of the minutes of the 4 May CFI meeting. These minutes are in more detail than is usual for CFI minutes since the NRO staff indicated they needed a rather explicit report on the decisions which the CFI reached as guidance for their activities.

If you approve the attached minutes, I will pass a set to the DDNRO and put copies in the briefing books for each of the CFI members.
